Drug trafficking

2380. SHRI KRISHNA KUMAR BIRLA: Will the Minister of FINANCE be pleased to state:

(a) whether it is a fact that a good percentage of the drugs and narcotics which is smuggled out of the country is being paid for in gold;

(b) if so, what is Government's estimate of the percentage of drugs smuggled out of the country which is being paid for in gold and what are the areas which have been identified for such transactions; and

(c) what action has been taken by Government in the matter?

THE MINISTER OF STATE IN THE DEPARTMENT OF REVENUE IN THE MINISTRY OF FINANCE (SHRI AJIT PANJA): (a) and (b) There is no definite evidence to indicate that the drugs smuggled out of the country are paid for in gold. Smuggling being a clandestine activity, it is not feasible to comment on the percentage of smuggled drugs which have been paid for in gold.

(c) Reports received and seizures made indicate that gold and narcotic drugs continue to be sensitive to smuggling. Since smuggling is clandestine activity, it is not feasible to estimate the extent of smuggling in narcotics and gold. However, to combat smuggling, the anti-smuggling drive has been intensified and the anti-smuggling machinery has been geared up. Sophisticated equipment like X-ray machines, metal detectors and sniffer dogs are being increasingly used. Close co-ordination is also maintained with all the concerned agencies in the prevention and detection of smuggling into and out of the country. Additional legal measures to combat drug smuggling have also been taken and an Ordinance for the Prevention of Illicit traffic in narcotic drugs and psychotropic substances has also been promulgated on 4th July, 1988.
